

ST

DEFENDER, penetrating sealer for stones.

Low Vapour Pressure VOC compliant **solvent** based stain blocking penetrating sealer. That protects and preserves the appearance of porous natural stones, such as slate, marble, limestone, terrazzo, and granite, without adding gloss, while acting as protective, dirt-resistant penetrating sealer, without making the surface slippery. Allows the surface to breath naturally. No significant colour change and does not change gloss level.

LONGLASTING result.

Suitable for interior and exterior applications.

APPLICATION

porous natural stones, such as slate, marble, limestone, tumbled marble, travertine, granite, terrazzo, etc..

DIRECTIONS FOR USE

The surface to be treated should be dry, clean and free from dust. Before applying the product, ensure all of the above. Apply the product in a thin layer by using a paintbrush or roller. Allow to dry for 8 to 15 minutes before removing residue. If necessary apply a second coat. To achieve a slight gloss, buff with synthetic white pad.

Do NOT use on sealed, glazed, polished or non-absorbive surfaces. Allow good ventilation.

Do NOT over-apply. In case of over-application use solvent, mineral spirits, turpentine or HG SpotStain Remover.

PRODUCT INFORMATION.

Colourless, transparent liquid. Combustible liquid.

s.g. n/a

pH n/a

compositions petroleum distillate plus proprietary oil.

Usage from 200-400 sq/ft per liter, depending absorption.

SIZES AVAILABLE

12 x 1.0 liter art: 271101164

4 x 4.0 liter art: 271401164

1 x 10 liter art: 271911164

CAUTION

Flammable.

Keep out of reach for children.

MSDS per request.
