

# HG

## LIME BUSTER (Hagesan Blue)

A concentrated acid cleaner to remove lime scale rust stains, urine deposits and copper oxide. Can also act as grout cleaner, when grout has changed colour to beige, because of rust/iron deposits.

### APPLICATION

On chrome, stainless steel, ceramic, glazed surfaces, glass, crystal, and many other surfaces, like showerheads, faucets, bathtubs and other sanitary ware. Do NOT use on non-acid resistant surfaces, like marble, travertine, terrazzo, plastics, paint, fabrics and ceramic tile that are silver/gold glazed, or brushed nickel.

In case of doubt, always test on small inconspicuous area.

### DIRECTIONS FOR USE

Use undiluted, or diluted with water, 1 part Lime Buster + 10 water. For bathtubs always dilute 1:10. Apply with a sponge (scouring type for severe soiled areas). Leave to work for a few minutes to dissolve lime and scale, then clean rinse and clean with sponge to remove scale build-up. To clean showerheads and nozzles: immerse in a bowl of un-diluted Lime Buster, rinse.

### SIZES AVAILABLE

6 x 0.5 liter

order # 100-050

### PRODUCT INFORMATION

Contains organic and in-organic acids, special inhibitors, solvents, non-ionic tensides, perfumes and water.

Relative Density approx. 1.135

pH approx. 1

compositions phosphoric acid, gluonic acid, water

Biodegradable yes
