

HG

MARBLE & STONE SHINE FINISH

A waterbased, metal cross-linked, acrylic polymer polish. Protective topcoat for interior use on marble and other calcareous stones. Prevents staining, deepens the colour. Selfshining and anti-slip.

APPLICATION

On all marbles, travertines, terrazzo and other types of calcareous natural stone surfaces.

Although it can be used by itself, surfaces should also be protected with a penetrating sealer prior to Shine Finish.

DIRECTIONS FOR USE

Do NOT stir or shake bottle before use. Apply on clean and dry surfaces only. Dirty surfaces should be cleaned with HG Marble Stripper. Apply with wax-applicator or lintfree cloth. After 45 minutes apply a second coat at right angles. Wear spots and tracks can be treated seperately from time to time. After 10-12 applications, HG Marble Shine Finish should be removed with HG Marble Stripper. Other methods possible.

PRODUCT INFORMATION.

Self-shining satin gloss, anti slip. Does NOT contain silicones.
biodegradable partially
Usage 60-70 m2 (600-700 sq/ft) per liter, depending
pH approx.8.5 on absorbtion.
relative density 1.025 g/ml
components acrylic emulsions, polyethylen wax emulsion,
glycols, plastizer, levelling agents

SIZES AVAILABLE

6 x 1.0 L	# 201-100
4 x 5.0 L	# 201-500

CAUTION
